

## Live Life to Your Max

### Why Journey Air Elite Max?

- **Extra Room & Comfort:** Enjoy a spacious 18" wide seat and taller 18" backrest for outstanding support, ideal for extended use or larger users. Just 24.25 lbs. without the battery and cushions!
- **Premium Ride:** Lightweight premium carbon fiber frame, memory foam cushions, and a super-quiet motor deliver lasting comfort, indoors or out.
- **Higher Weight Capacity:** Feel safe and confident with a robust 330 lb. capacity, accommodating a wider range of individuals.
- **Extended Travel Freedom:** Dual 12Ah lithium batteries auto-switch to support non-stop adventures. FAA compliant.
- **User-Friendly Controls:** The advanced LED controller displays speed and mileage, includes USB charging, and offers voice prompts for a personalized experience.
