THE MUSCLE MX DIFFERENCE

After intense research, we carefully and lovingly crafted our products with CBD paired with other natural and powerful ingredients. We have blended modern science and proven age old remedies to help you maximize your body's performance whether it is in preparation for a triathlon or simply doing daily tasks.

We believe that all our customers deserve transparency in order to give them peace of mind about our products. To provide that we have implemented a program that tests all our products before they are released to our customers. Anyone that buys our products has access to the lab reports that are conducted by an independent 3rd party laboratory.

At Muscle MX, we want to keep you moving. We believe that a world on the move, happier and relaxed is a better world. We do that by creating products that actually work and serve a purpose. We believe that all customers deserve the highest quality products.

All Muscle MX ingredients and products are sourced and manufactured in the US. Due to our relationships with hemp farms and suppliers, we have the opportunity to select the highest quality materials and reject anything that doesn't meet our standards of quality.

CBD 101

We strive to offer the most up-to-date and scientifically proven information about CBD (cannabidiol), and the many ways to use this compound and others from the hemp plant.
