

VIVE CRUTCH PADS

CSH1044

HCPCS: A4635/A4636

Reducing painful pressure and irritation, the Vive Crutch Pads use a high density, contoured foam to evenly distribute pressure and cushion the underarm area. Easy to install, the soft crutch pads gently stretch to accommodate any standard size crutch, securing with a strong fastener strap. Each pad is covered with a breathable, non slip material to keep you cool and comfortable. The set also includes two padded hand grips that are covered with leather for a secure non slip grip.

SUPERIOR CRUTCH RELIEF

Eliminate chafing and reduce painful pressure on your armpit and hands.

ELIMINATES PAINFUL PRESSURE

The pads prevent chafing while reducing fatigue.

EASY TO INSTALL

Fastener system allows for quick and secure installation.

ESSENTIAL CRUTCH COMFORT

A must-have accessory for anyone using crutches, the Vive Crutch Pads are made with a soft, high-density foam padding that provides exceptional comfort throughout the day. The moisture-wicking, breathable material is washable and will not snag on clothing.

ELIMINATES PAINFUL PRESSURE AND IRRITATING CHAFING

Latex-free, the foam crutch pads eliminate chafing while also reducing painful pressure on your armpits and hands. The extra-soft, premium foam crutch pads are designed to not irritate the skin. The Vive Crutch Pads are a great accessory for comfortable and speedy recoveries.

SIMPLE AND EASY

Easily attaches to most standard sized crutches. This includes crutches designed for adult men, women, and youths. Simply stretch the cover material over the rubber crutch pad and secure it with the hook and loop straps. The padded hand grips conveniently wrap around the existing crutch grips and are attached with a strong hook and loop fastener for a secure, non-slip fit.

BREATHABLE CONTOURED CUSHIONING

Superior contoured foam retains its shape through extensive use while also providing nonslip cushioning for ultimate comfort. The handgrips feature a textured lining to prevent slipping. The breathable material prevents heat build up, keeping you cool and comfortable. The Vive Crutch Pads and hand grips are designed to prevent hand fatigue by reducing friction and evenly dispersing pressure.
