

VIVE KINESIOLOGY TAPE RHB1090

Easy to apply, the Vive Kinesiology Tape provides added support to weakened joints and sore muscles for optimal performance throughout daily activities and sporting events. Stabilize the neck, shoulders, elbow, wrist, back, hip, thighs, knees, calves, and feet to relieve pain and prevent injury. The athletic tape features a strong adhesive that withstands sweat and showers for days of use with a single application. Measuring 2" wide, the Vive kinesiology tape's paper backing also includes a grid pattern for easily trimming the tape to the desired length and shape.

LONG LASTING ADHESIVE

For reliable stabilizing support throughout your day.

MULTI-DAY USE

Our adhesive is so durable that a single strip can be worn more than once.

STABILIZING SUPPORT

For full range of motion while minimizing risk of injury.

STABILIZING SUPPORT FOR ANY ACTIVITY

Allowing a full range of motion, the Vive kinesiology tape provides targeted support to sore muscles and weak joints. The sports tape stabilizes joints and muscles to relieve pain and minimize the risk of injury during workouts, sporting events, and daily activities. Ideal for running, weight lifting, CrossFit, and yoga, applying sports tape helps to relieve knee pain, shin splints, plantar fasciitis, shoulder pain, carpal tunnel, and more.

STRONG, LONG-LASTING ADHESIVE

Staying secure throughout intense workouts, athletic events, and rest and recovery time, the Vive athletic tape is backed by a strong, long-lasting adhesive for multi-day use. The athletic tape also stretches and flexes with each movement to ensure a secure application to any area of the body for maximum support.

FLEXIBLE WATER-RESISTANT TAPE

Water and sweat-resistant, the Vive Kinesiology Tape is constructed with a durable fabric blend. Strong, yet flexible, the cotton and spandex blend is latex-free, lightweight and Breathable For Greater Comfort.

CUT TO ANY LENGTH

Easily cut the long roll of kinesiology tape to the width and length needed for any application. The strong, 2" wide kinesiology tape features a peel-away backing with a grid pattern for easy shaping to effectively support the back, shoulder, neck, knee, elbow, thigh, calf, and foot. An illustrated guide is also included with suggested placement for common areas of concern.
